

To Whom It May Concern:

I am writing regarding the broadcast service called Low Power FM (LPFM). It is my understanding that these stations are to take priority over current FM services. If this were to happen, the radio station K-Love would be affected. K-Love is an important part of my family. It is a clean, positive, non-profit radio station that my husband and I have been supporting for years. It is a vital part to our community, San Diego County. It reaches thousands of people with good music and encouraging words of faith and love. The values and family-friendly programming is vital to our community.

K-Love is and has always been a great radio station that gives spiritual, friendly, loving support to those who need it. Turning the radio on and not being able to hear this wonderful station is saddening. Please keep the FM service as it is and the K-Love radio signal running in San Diego County.

Thank you for your time and consideration.

Sincerely,

Lisa Suemnick
